

## Q and A for Mine Rescue

### General Information For Conducting 2009 Mine Rescue Contests

#### Rule 1

**Q. Can the team bring a patient that is not mine rescued physical?**

**A. At the national contest, there must be an emergency in order to replace patient. At local contests, it may be different. A replaced patient can only be with one team and remain with them in lockup. The replaced patient does not have to have a physical or be apparatus trained.**

#### Rule 7

**Q. The mine grid – is that going to be the 6 entry by 12 crosscut mine map?**

**A. Yes**

**Q. For the national contest - is it in the rules that the problem will be 3 entries wide, 5 crosscuts deep?**

**A. No, this is not in rules. The area at the Gaylord Hotel limits the problem layout to these dimensions. Different layouts can be used at local contests.**
