Petition for Modification

Docket No. M-2005-012-C

PROPOSED ORDER OF DISMISSAL

On February 24, 2005, Goodin Creek Mining Company, Inc. filed a petition pursuant to 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act), 30 U.S.C. Sec. 811(c), and 30 CFR 44 et seq., for the modification of the application of 30 CFR 75.342, to its Mine No. 2, located in Whitley County, Kentucky. The Petitioner alleged that the alternative method proposed in the petition would at all times guarantee no less than the same measure of protection afforded by the standard.

MSHA records indicate that a modification of 30 CFR 75.342 was previously granted at this mine on July 17, 2003. The alternative method proposed by Petitioner is already permitted at this mine under docket number M-2003-021-C.

On March 17, 2005, the petitioner requested that the petition for modification be withdrawn.

Therefore, pursuant to the authority delegated by the Secretary of Labor to the Administrator for Coal Mine Safety and Health, Goodin Creek Mining Company, Inc.'s Petition for Modification of the application of 30 CFR 75.342 to its Mine No. 2 is hereby:

DISMISSED.

If a hearing is requested, the request shall contain a concise summary of position on the issues of fact or law desired to be raised by the party requesting the hearing, including specific objections to the proposed decision. A party other than Petitioner who has requested a hearing shall also comment upon all issues of fact or law presented in the petition, and any party to this action requesting a hearing may indicate a desired hearing site. If no request for a hearing is filed within 30 days after service thereof, the Order of Dismissal will become final.
