PROPOSED DECISION AND ORDER TO REVOKE

T N T Coal Company's T N T Slope was granted modifications of the application of 30 CFR 75.1400 (Docket No. M-1980-169-C), 75.1714 (Docket No. M-1982-128-C), and 75.1405 (Docket No. M-1987-097-C). The modification for 30 CFR 75.1400 under Docket No. M-1980-169-C was issued July 22, 1981, and finalized August 31, 1981. The modification for 30 CFR 75.1714 under Docket No. M-1982-128-C was issued December 19, 1986, and finalized January 30, 1987. The modification for 30 CFR 75.1405 under Docket No. M-1987-097-C was issued August 26, 1987, and finalized October 7, 1987.

MSHA records indicate that underground workings of the mine were permanently abandoned and the surface openings to the mine sealed April 16, 1992.

Finding of Fact and Conclusion of Law

MSHA has determined that the mining conditions have changed and that the modifications are no longer necessary because the underground workings of the T N T Slope have been permanently abandoned and the surface openings sealed. Therefore, modifications of 30 CFR 75.1400 (Docket No. M-1980-169-C), 75.1714 (Docket No. M-1982-128-C), and 75.1405 (Docket No. M-1987-097-C) are no longer needed at the T N T Slope.

ORDER

Wherefore, pursuant to the authority delegated by the Secretary of Labor to the Administrator for Coal Mine Safety and Health, and pursuant to section 101(c) of the Federal Mine Safety Health Act of 1977, 30 U.S.C. 811(c), it is ordered that T N T Coal Company's modifications of 30 CFR 75.1400 (Docket No. M-1980-169-C), 75.1714 (Docket No. M-1982-128-C), and 75.1405 (Docket No. M-1987-097-C) as they apply to the T N T Slope are hereby:

REVOKED.

Pursuant to 30 CFR 44.52, revocations of the granted modifications will become final 30 days after service of this Proposed Decision and Order to Revoke, unless a hearing is requested on the Decision and Order. Any party to this action desiring a hearing on this matter must file in accordance with 30 CFR 44.14, within 30 days. The request for hearing must be filed with the Administrator for Coal Mine Safety and Health, 1100 Wilson Boulevard, Arlington, Virginia 22209-3939.
