APR 15 2005

Mr. Bill Potter
President
Performance Coal Company
P. O. Box 69
Naoma, WV 25140

Dear Mr. Potter:

Subject: Mine Ventilation Plan, Section 75.370(a), 30 CFR 75,
Upper Big Branch Mine-South, I.D. No. 46-08436,
Performance Coal Company, Montcoal, Raleigh
County, West Virginia

This will acknowledge receipt of a revision to the ventilation plan, submitted to
this office and dated April 7, 2005, which shows the proposed controls to be installed
and removed in order to convert a portion of the number 1 and 2 entries of the North
East Mains, from the surface portal inby to Headgate 16, from intake to return air. The
proposed change is shown on a portion of the mine map, also dated April 7, 2005, and
submitted with the revision request.

The revision is hereby approved and will be made a part of the approved plan for this
mine.

Should you have any questions concerning this matter, please contact William L. Ross
at (304) 877-3900/Ext. 142.

Sincerely,

[Signature]

Jesse P. Cole

RE: Performance Coal Company - Upper Big Branch Mine-South

Dear Mr. Cole:

Performance Coal Company, Upper Big Branch Mine-South (ID 46-08436), is currently putting both section returns from the Lower Big Branch section into the longwall bleeder at Headgates 15 and 16. We propose to reroute the majority of this return air to the outside to the main portal while continuing to inject enough of the return into the Headgates 15 and 16 EP’s such that they continue to be functional. This proposed change will relieve the pressure on the section belt and track as well as the mainline belts and track and reduce the amount of intake air needed for the Lower Big Branch section. It will also allow more air to be injected into the longwall bleeder in other locations as necessary. The proposed changes are shown on the attached map.

Your timely review and approval of this revision would be greatly appreciated. If you have any questions, or require further information, please call me at (304) 854-1761.

Respectfully Submitted,

George T. Levo
Mining Engineer
