Examinations of Work Areas in Underground Coal Mines for Violations of Mandatory Health or Safety Standards

Comment On: MSHA-2010-0008-0001

Examinations of Work Areas in Underground Coal Mines for Violations of Mandatory Health or Safety Standards

Document: MSHA-2010-0008-DRAFT-0024

Comment from Tracy Hall, Hellgate High School

Submitter Information

Name: Tracy Hall

Address:

Missoula, MT,

Organization: Hellgate High School

General Comment

Though it sounds highly reasonable to check on maintenance of mine standards, possible health violations and penalties could damage the mining business, causing even further difficulty and job loss for people in that field. Thus, if maintenance problems are discovered, perhaps a financial aid service should also be established to either better train the workers and improve the establishment, or else train and relocate the workers for other jobs.
