## General Comment

Regulation mess, cost to American TAX PAYERS WITH OFF BUDGET TAXES ..... Several studies, found agencies spent over 60 billion in 2015 to manage regulations. Adding almost 2 trillion budget compliance costs regulatory situation. 2015, CONGRESS over 100 new laws enacted, over 3000 new rules, Federal Register added over 80,000 pages, hundreds affect small businesses. 2014 report of NAM estimated 2012 at approx. 2 trillion. 2015 cost of regulation half the federal spending of almost 4 trillion. ...NOTE...: Off budget COST ; Regulatory compliance and economic impact costs are NOT budgeted and lack the formal public disclosure that accompanies federal spending CALLED off-budget TAXATION with lack of disclosure and accountability. carbon dioxide emissions today are lower than they have been in America in 20 years,
