

U.S. Department of Labor
Mine Safety and Health Administration
Educational Field and Small Mine Services

Location _____ Date _____

Competent Person _____ Duration _____ Time _____

Illumination

1) **56.17001 Illumination of surface working areas.**

Illumination sufficient to provide safe working conditions shall be provided in and on all surface structures, paths, walkways, stairways, switch panels, loading and dumping sites, and work areas.

2) **56.12034 Guarding around lights.**

Portable extension lights, and other lights that by their location present a shock or burn hazard, shall be guarded.

3) **56.12035 Weatherproof lamp sockets.**

Lamp sockets shall be of a weatherproof type where they are exposed to weather or wet conditions that may interfere with illumination or create a shock hazard.

4) **56.14100 Safety defects; examination, correction and records.**

(d) Defects on self-propelled mobile equipment affecting safety, which are not corrected immediately, shall be reported to and recorded by the mine operator. The records shall be kept at the mine or nearest mine office from the date the defects are recorded, until the defects are corrected. Such records shall be made available for inspection by an authorized representative of the Secretary.

This includes illumination of Taillights and Headlights on mobile equipment being used.

- **Fatal grams:** 56.17001, 56.14100,
